2. Overall

2.1 Individual overall

Sum of all points is the total score, winner is the competitor with the highest total score.

In case of a tie, the better result in one event will apply, in case of a still further tie, the competitor with the better result in accuracy will be the winner

Individual overall ranking will be calculated only for competitors who have started in all three events.

2.2. Team Overall

Total points of all three team members are added to get the team score.

Winner is the team with the highest total score.

Team Results are only given if all three team members have achieved an individual overall score.

3. Awards

All winners, second and third placed competitors will get prizes

Cups are given to:

Individual Events and Individual overall winners
Team overall winners
